## LUDENDORF PLANS TO FIGHT SOVIETS

Would Raise 1,500,000 Men Providing Posen is Returned To Germany And Other Changes Made.

Wants Annulment of Certain Phase of Versailles Treaty

(By Associated Press)

Paris, July 29.—General Ludendorff is reported in a Berlin dispatch to have made an offer to the British Charge d'Affairs at Berlin to raise an army of 1,500,000 men to fight the Bolsheviks in Russia in exchange for the return to Germany of Posen and the annulment of certain clauses of the Versailles treaty.

## GEM CITY DONS PARTY ATTIRE FOR BIG EVENTS

Home - Coming Celebration Comes Friday and Notification On August 7th.

Forty Massed Bands to Participate in Notification Ceremonies.

(By Associated Press)

Dayton, O., July 29.—Dayton burst into full dress today for the first of two important events here in which Governor Cox will be the central figure.

The first comes tomorrow, the non-partisan home-coming celebration by Dayton's home folks, and plans also took shape for the formal notification ceremonies August 7th.

Governor Cox today set aside all other affairs for composition of his acceptance address, having another day free from engagements in the hope of concluding the address tomorrow.

Word that many delegations were coming to the notification ceremonies was received today. From the agricultural sections of Ohio particularly, it was said, marching clubs of farmers were planning to attend.

A new feature arranged for the notification ceremonies is the massing of forty or more brass bands headed by the Rainbow Division band and Meteor Band of Piqua, Ohio, for the playing en masse of "Ohio" and songs which were used in the Cox campaign at Frisco.

## SHOOT'S HIS WIFE WHILE DREAMING OF HIGH RENTS

Saw "Landlord and Pack Of Demons Coming Through The Window" And Fired.

(By Associated Press)

Union Hill, N. J., July 29.—Daniel Helbig shot and critically wounded his wife early today, he told the police, while experiencing a nightmare in which he saw "the landlord coming through a bedroom window with demons."

He had been worrying about rent increases and feared ejection. Hospital physicians said Mrs. Helbig cannot recover.

## METAL PLANES BEGIN FLIGHT

All Metal Monoplanes Carrying Mail From New York to San Francisco Hop Off.

Expect to Cut Time From Five To Two and One-half Days For Mail Delivery.

(By Associated Press)

New York, July 29.—Three all metal monoplanes carrying the first trans-continental aerial mail left the flying field at Central Park 8:01 a. m. today for San Francisco.

Eleven airplanes escorted the trans-continental machines in a farewell flight over New York before the jump westward on the pathfinding trip to establish an aerial mail route between here and the Pacific coast.

Cleveland is the first scheduled stop. Other stops will be made at Chicago, Omaha, Cheyenne, Salt Lake City, Reno and San Francisco.

The trip not only is expected to make possible the establishment in September of regular aerial mail service from coast to coast, but to yield information of value to the War Department. It is expected to cut in half the present five-day letter time to San Francisco.

## FORMER HUSBAND OF TRUNK VICTIM WILL BE QUIZZED

Man Who Furnished First Clue Declines to Go to Detroit to Testify

Search For Second Trunk Is Under Way

(By Associated Press)

Birmingham, Ala., July 29.—Lieutenant John P. Smith, chief of the homicide squad, was to leave today for Sturgis, Miss., to question "Kid McCoy" Jackson, husband of Katherine Jackson, victim of the trunk murder mystery.

Local police acting upon information from the Michigan city made efforts today to locate a second trunk said to have been shipped here from Detroit and believed to contain the vital organs of the dead woman.

Allen A. Tatum, who furnished the first clue in the investigation of the murder, issued a statement today through his attorney, reiterating his refusal to leave Birmingham.

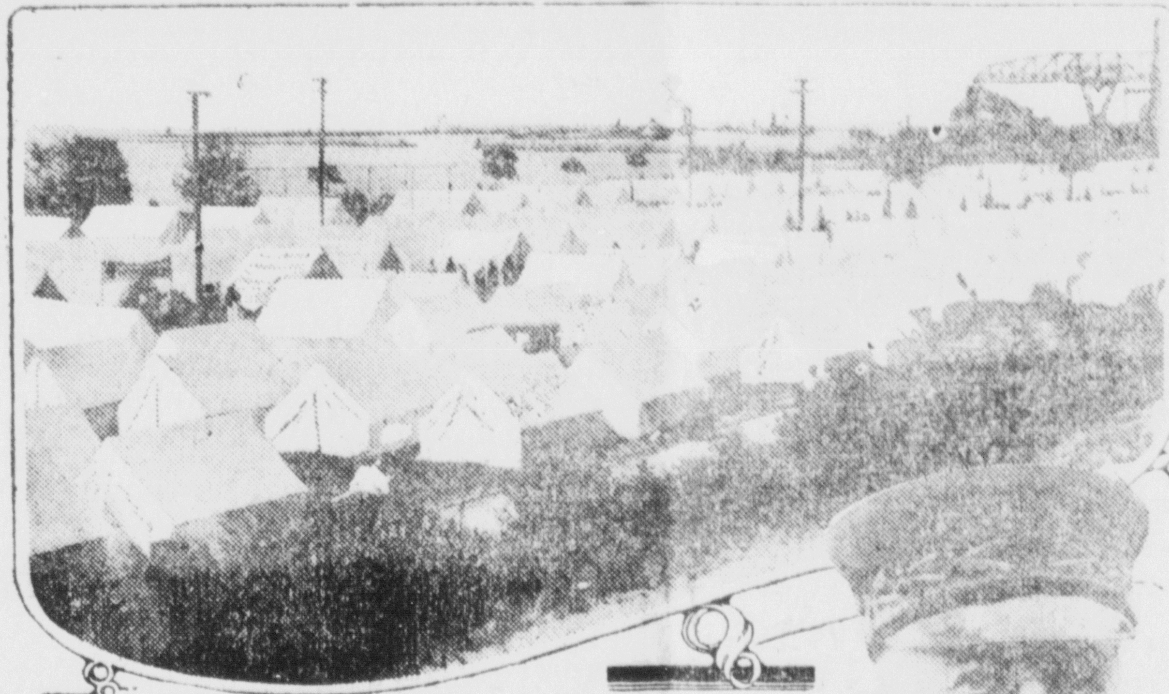

He said he had given all the information he possessed to the police and could see no reason for a trip to Detroit or New York.

## ANOTHER QUAKE

(By Associated Press)

Los Angeles, Cal., July 28.—A light earthquake was felt here at 11:25 this morning.

TENT CITY HOUSES THOUSANDS OF KNIGHTS OF PYTHIAS NOW HOLDING NATIONAL ENCAMPMENT AT CLEVELAND, OHIO

View of K. of P. camp at Cleveland, and its commander, Maj. Gen. W. H. Loomis.

Three thousand uniformed Knight of Pythias, representing every state in the union and comprising the "Army of the Lily," are holding their national encampment this week in Cleveland, Ohio. They have pitched

their tents in Edgewater park, on the shores of Lake Erie, and are under the command of Maj. Gen. Loomis of Michigan. Thousands of other knights are in the city for the week to attend the big doings.

## M'ADOO AGREES TO SPEAK FOR COX

Former Secretary of Treasury Issues Statement After Conference With White.

Warns Against Huge Campaign Fund Said to be Accumulated by G. O. P.

(By Associated Press)

New York, July 29.—William G. McAdoo, former secretary of the treasury and a candidate at San Francisco for the democratic nomination for president, announced today he had consented to deliver some speeches in behalf of Governor Cox during what he said would be a vigorous and aggressive campaign.

In a statement issued after a conference with Geo. White, chairman of the democratic national committee, Mr. McAdoo warned that the people would not stand for a "purchase presidency" and urged that the "spotlight of pitiless publicity be turned on campaign expenses during the forthcoming campaign."

Mr. McAdoo stated that at the conference "a formidable campaign fund under control of republican national committee and its serious menace in the forthcoming campaign" had been discussed.

## MAIN EFFORT TO "CATCH UP"

(By Associated Press)

Marion, O., July 29.—At his desk early again today to clear up accumulated correspondence, Senator Harding said he was finding the outwardly quiescent period preceding the formal opening of the front porch campaign the busiest experience.

Despite constant growth of his clerical forces and much work outside office hours, the deluge of letters and telegrams has kept his headquarters constantly behind schedule.

## HIS EXONERATION STIRS UP ENGLAND

Sir Michael Francis O'Dwyer.

The action of the British government in exonerating Sir Michael Francis O'Dwyer, charged with having committed many atrocities while acting as governor of the Punjab, India, has resulted in much controversy in England, many believing he should have been severely punished. One of O'Dwyer's acts, for which he received a slap on the wrist by his government, was to order bombs dropped by airplanes on an Indian mass meeting. Within a few minutes 800 defenceless persons were killed and many hundreds of others were wounded.

## COAL SITUATION PLACED BEFORE THE PRESIDENT

Re-Opening of Bituminous Wage Award May be Asked by Secretary Wilson.

(By Associated Press)

Washington, July 29.—Secretary Wilson's report on the coal situation in general with particular emphasis upon conditions in Illinois and Indiana was sent today to President Wilson.

While the Secretary refused to discuss the nature of the report it was intimated at the Department of Labor that among the recommendations was one that the award of the bituminous coal commission be reopened on the ground that an equitable adjustment of the pay of day laborers in the mines had never been made.

## APPEAL TO COX

(By Associated Press)

Nashville Tenn., July 28.—Governor Cox was requested today to grant a hearing to the women of the south on the question of "state rights and party honor" in a telegram sent to Mr. Cox by the "Southern League For Rejection of the Susan B. Anthony Amendment."

## TROOPS ON WAY CAUSE OF ALARM

Governor of Lower California Prepares to Resist Landing of Mexican Federal Troops.

Recruits Called For By Alarmed Governor.

(By Associated Press)

Mexicali, Lower California, July 28.—3,000 Mexican federal troops are on the way to Lower California according to information which Estaban Canto Governor of the Northern district of California announced today he had received from friends in Mexico City and Manzanillo.

Governor Canto said he understood the troops were coming to occupy the northern district of Lower California. He declared he was undecided whether he would offer resistance.

2,000 troops it was said, expected to leave for Envidia, 90 miles south of San Diego, California. The other 1,000 were reported leaving Guaymas today for a point on the gulf of the California coast near Yuma, Arizona. It was said the troops would not reach their destination for nearly a week.

A telegram of protest has been sent saying information had been received that troops intended attacking Lower California. The message said:

"I find no reason that would justify a use of violence. It is my duty to call your attention to the fatal consequences to the proceedings you have adopted. I decline all responsibility for consequences which may ensue."

Three recruiting stations were opened and soldiers were put to work making bombs. About 1,000 bombs were made today.

## PICK TICKET IN NEW YORK

(By Associated Press)

Saratoga Springs, N. Y., July 28.—A complete state ticket headed by Nathan L. Miller, of Syracuse as the candidate for Governor was recommended to the enrolled republicans by the unofficial republican state convention here today.

The convention decided to support United States Senator James F. Wadsworth Jr. in his fight for the nomination to succeed himself.

WARSAW, JULY 29.—ACCORDING TO WORD RECEIVED HERE TODAY A SOVIET REVOLUTION HAS STARTED AT KOVNO, WHERE THE LITHUANIAN GOVERNMENT HAS BEEN OVERTHROWN. NO DETAILS OF THE REVOLT HAVE REACHED HERE.

## BOLSHEVIKI IN BIALYSTOK FALL EXPECTED

(By Associated Press)

Warsaw, Poland, July 29.—At last accounts, the Bolsheviki were within the outskirts of Bialystok, the fall of which is expected here to occur at any minute.

The newspapers are advocating the immediate construction of fortifications for the defense of Warsaw.

## CAMPAIGN FUND IS DISCUSSED BY COX MANAGER

"Peace, Progress and Prosperity" Chosen As Slogan For Democratic Campaign

Invites Contributions But All Will be Scrutinized Carefully He Declares.

(By Associated Press)

Washington, July 29.—The democratic party's campaign war chest is open to contributions of any amount, George White, chairman of the national committee announced here today.

Party leaders he said "will examine the source rather than the amount of all contributions."

"Peace, progress, prosperity," will be the three word slogan of the democratic campaigners, Mr. White said, adding that with this slogan the party should be "Cox-sure" of victory.

The new national chairman referred to Illinois, Indiana and Ohio as "the battle ground of the campaign" but he indicated that as the campaign plans developed Governor Cox would carry the fight direct to the people and would visit a majority of the states.

Discussing campaign contributions, Mr. White said the restrictions which had been proposed as to the size of the gift were so easily circumvented as to make them useless and that the national committee therefore would content itself with a scrutiny of all contributions in order that no obligations on the candidate would be entailed by the acceptance of campaign funds.

Note Received in Tokio Insists United States Cannot Recognize Japan's Occupation Of Saghalin.

Details Are Not Issued by Tokio Government

(By Associated Press)

Tokio, July 29.—The Japanese government has received a communication from the United States pointing out among other things that America is unable to recognize Japan's occupation of the northern half of the island of Saghalin.

It is said that the impression exists here that the note is not really a protest but rather an exposition of the American viewpoint on occupation of Russian territory with something of America's attitude toward the territory to be occupied. It is apparently felt here that any publication of the details of the note should emanate from Washington and not Tokio.

## RAISING ARMY TO MEET 3000 FEDERAL TROOPS

Governor in California Still Busy Planning to Repel "Invasion."

Has Received No Answer To Telegram to The Provisional President.

(By Associated Press)

Mexicali, Lower California, July 29.—Troops were being recruited here today by Estaban Canto, governor of the northern district of Lower California, to repel what he described yesterday as an "invasion of Lower California by Mexican Federal soldiers."

Governor Canto hoped to obtain an army of 4,000 as the advancing Federals, it was said here, numbered about 3,000. The governor expects an attack at Ensenada, in about seven days, and at Colorado river points in four days.

The governor was waiting today for an answer to a telegram he sent Provisional President Huerta, protesting against the invasion.

## BANK LOOTED BY ARMED MEN \$10,000 TAKEN

Reports Say Bandits Are Surrounded Near Wolfe Lake, Michigan.

Jackson, Mich., July 29.—Three

armed bandits today entered the Farmers' State Bank at Grass Lake, near here, locked the cashier and his assistant in the cage and escaped in an automobile after looting the bank. Officials of the bank said the loss might reach \$10,000.

The three bandits later were reported surrounded by a posse at Wolfe Lake, seven miles southeast of this city, this afternoon.

An unconfirmed report said one man had been killed in an exchange of shots between the posse and the bandits.

Is it any wonder that car owners are so enthusiastic over the way these Federals give service, when you figure their first cost on a 6000 mile basis for Traffik Tread, 7000 miles for the Rugged Treads and 8000 for Cords? But the thing that makes them enthusiastic is not the mileage guarantee nor the price, but the way they keep going after that guarantee has been reached.

#### SABINA ORGANIZES AMERICAN LEGION

A meeting was held at the Mayor's office Wednesday evening, July 21, for the purpose of organizing an American Legion Post in this community. Twenty World War Veterans were present and application was made for a charter. Another meeting will be called when charter is received and temporary officers were elected to serve until that time. Much interest was shown by everyone present and all ex-soldiers in this community of the late war are expected to join this organization during the next few weeks.—Sabina Tribune.

#### THIS PUNY SICK LITTLE GIRL NOW ROMPS AND PLAYS

Was weak, sickly, had no color, took no interest in anything. Easy to cry and stomach weak.

Mother gave Dreco, and now she is full of life and is healthy and strong.

"My little girl was in a bad way only a few weeks ago, but she is like a different child now," stated Mrs. Essie Angel, of 917 East Street, Springfield, Ohio.

"She took no interest in any thing but seemed listless. There was no color in her cheeks and she would cry at nothing. Seemed irritable all the time. Her stomach was weak and lots of things disagreed with her so I had to be very careful about her food. She was getting so thin that I became alarmed about her.

"I started her on Dreco and it is remarkable the way she has come out. Why she is full of life now and plays and romps like any healthy child should. Her little cheeks are rosy and she is getting real plump. Dreco set her stomach right and her food digests well now. I am proud to recommend Dreco after what it did for my baby."

Dreco is good for man, woman or child. Any person who is weak, run-down, has a disordered stomach, lazy liver, weak kidneys, constipated bow-

els, or who has catarrh, rheumatism, eczema or thin blood, should take this great root and herb remedy, which acts pleasantly and promptly on the vital organs to overcome these troubles.

All good druggists now sell Dreco and it is being especially introduced in Washington C. H. by Frank Christopher.—Advt.

#### MIAMI AFTER MILLION DOLLARS

Oxford, Ohio, July 29.—Miami University has just issued a bulletin entitled "A Million Dollars for Miami," announcing the opening of a campaign for a million dollars.

Miami has 1,063 students this year, for whom accommodation are inadequate. President Hughes has calculated that in ten years at the present rate of increase Miami will have 1,800 students.

On the million dollar budget are included plans for a gymnasium for men, one for women, an extension of the library, a hospital, and the development of the Athletic Field.

#### WILL FUTURE TRADING DEPRESS WHEAT PRICE

Farmers and others interested in grain production and trade are said to be carefully observing the results attending the resumption of future trading in wheat on the Board of Trade.

Many farmers have felt that future trading tends to depress the price which they receive for wheat. The milling and trade interests on the other hand have maintained that dealing in futures in no way depresses the price to the farmer, but that it tends to steady prices and to protect the miller.

When the United States government assumed control over wheat on August 25, 1917, future trading was stopped. As a result of several conferences the trade in futures was resumed on the Chicago Board of Trade on July 13. On the first day of trading there was little change in price. It is hoped by both farmers and trade interests that the resumption of future trading will not be accompanied by a wild wave of speculation.

#### FEEDING TOTS FAR TO GREAT FOR ONE SOCIETY

Philadelphia, July 28.—The American Friends Service Committee of Philadelphia does not intend to take over all the child feeding operations in Central Europe, now conducted by

can Relief Administration, according to an announcement made at the offices here.

"The economic situation in those countries is far too serious for one organization to do the work alone," officials say. We are doing our utmost to alleviate the suffering of the poor."

The latest cable from the Berlin office states that 632,000 children are now being fed daily in 88 cities in Germany. "This probably will be decreased during harvest period when fresh vegetables and fruit will be more plentiful," the message says. "Beginning with September the number of children fed will increase again to at least 500,000 and will continue without a break until the summer of 1921. This will be increased to 1,000,000 if funds from America can be secured to make this possible. The German government has just agreed to give us all the flour and sugar needed in the feeding."

## GAINED FORTY POUNDS TAKING NERV-WORTH

John H. Stuck, 268 Sycamore St., Dayton, Ohio, Tells How Quickly Nerv-Worth Built Him Up And Also How It Helped His Sister.

"Two years ago," said Mr. Stuck, "I contracted ptomaine poisoning, and since that time, my stomach has been in bad condition. I couldn't get any relief from doctoring with any medicine, that I could learn of. Being in the condition that I was, I could eat only light food, and I soon became weak and rundown. I was losing flesh rapidly and lost 40 pounds, couldn't get any restful sleep, and I was tired out and discouraged. I concluded to try Nerv-Worth, and I took 3 bottles. Its effects were felt from the first and I improved rapidly and improvement was permanent. Today I am right up to my normal weight, strength and vigor, with a good appetite, and I sleep soundly. My sister was also in a run down condition, and couldn't get anything to do her any good or build her up, so I mailed her a bottle of Nerv-Worth, and it soon put her in good health and strength. I recommend Nerv-Worth to all, for my experience

proved it a remedy of greatest merit." If you are under weight or run down, there is certainly a reason for it. If your stomach is bad or your nerve force low, you cannot expect that your food will be assimilated properly, or that you will get full nutritive value from it, and when your digestive system and nervous system are in this condition, there is a constant drain on the whole system with the result that impurities accumulate, you lose weight, and your whole system becomes rundown. If you will try Nerv-Worth, you will find that it will help nature overcome these conditions, because Nerv-Worth is made after a formula especially intended to combat these troubles. For many years Nerv-Worth has been producing results in such cases and has given the very highest satisfaction. It is sold on a money back basis, and if, after you have taken your first trial bottle you are not satisfied, your money will be refunded. Do not hesitate any longer, but start in on Nerv-Worth today, and enjoy good health.

## ACCIDENT KILLS ELMER MEADOWS IN SPRINGFIELD

Former Local Boy Thrown From Motorcycle and Dies at Springfield City Hospital.

Body Arrives Here Thursday Afternoon Where the Funeral Services Will Be Held.

Elmer Meadows, formerly of this city, died in Springfield Wednesday afternoon in the City Hospital after being thrown from a motorcycle earlier in the day while going to work. The Springfield Sun, in connection with the accident says:

Elmer Meadows, 22 years old, died at the City Hospital yesterday afternoon as the result of being thrown from the motorcycle which he was riding at North Fountain and College Avenue earlier in the day.

Mr. Meadows was on his way to his work in Garfield Ave., being employed as the driver of the steam shovel for M. J. Cooney, which is working in that street. His home is in Columbus.

His motorcycle and a street car collided smashing the fender of the car and damaging the motorcycle.

Mr. Meadows formerly lived at Washington C. H. later he lived at Columbus where his mother now resides. He came to this city to work for Mr. Cooney.

Dr. C. W. Russell attended the injured man immediately after the

accident and gave but little hopes of his recovery. He died about seven hours later.

Besides his mother, Mrs. Kate Baker, of Columbus, he leaves two brothers, Emmett Meadows, of Utah; Emil Meadows of Washington C. H.; and two sisters, Mrs. Reva Miller and Miss Selva Meadows of Washington C. H.

The body will be sent to Washington C. H. at 4:50 p.m. today where funeral services and burial will take place.

The body was taken to the home of the grandparents, Mr. and Mrs. Henry Mart on Mulberry avenue when it arrived in this city Thursday evening at 6:45 over the D.T.&I. by Undertaker Elmer Klever.

## VACATION PARTIES PASSING THROUGH

With the approach of August and vacation time the first signs of rest and recreation seekers from the big cities have begun to make their appearance in the rural districts. During the past several days many auto loads of campers have passed through this city with their outfits strung around the car in no particular fashion except to get it to the place of destination.

The car has usually been loaded to the top with every thing that goes to make a comfortable camp; in many instances even the house cat has not been left at home but rides along in the chubby arm of the youngest member of the family.

Echoes of the world war are reflected usually in at least one member of the outing party who is garbed in pieces of his former doughboy outfit.

The parties are usually bound for some place in the southern part of the state.

## ORDER HITS CANNERS AND THRESHERS ONE ROAD OPEN

Columbus, O., July 29.—Ohio canners and threshers are hard hit by the recent priority order for coal shipments and unless immediate relief is provided, grain and vegetable crops are endangered, according to complaints pouring into the state utilities commission.

Under service order No. 9 of the interstate commerce commission regulating coal shipments, no provision is made to supply the 35 canneries in the state, L. C. Smith, chief inspector of the utilities commission, said yesterday. The commission is endeavoring to have the canneries placed in the priority class with public utilities.

The question of fuel for threshing is causing more concern among grain growers than the matter of cars for hauling grain, reports to the commission show. There are not nearly so many calls for grain cars as were made last year, Smith added.

The D. T. & I. is the only railroad in Ohio not affected by the interstate commerce commission's coal order and relief for emergency cases may be secured over this line, state officials believe.

Railroads are running under lake priority orders approximately 75 to 80 per cent capacity, with a noticeable improvement throughout, according to Smith. Nearly twice as many cars are being laid up for repairs as last year, according to reports to the commission.

## TRAIN RIDER GETS WORKOUT

When Damon Young, colored, from most anywhere, fell into the hands of Detective Lienance and landed before Probate Judge Rell G. Allen, this week, he was given \$50 fine and two months in the works, or else leave town in ten minutes. He agreed to hike.

Three hours later Sheriff Hall saw the man still in town and took him in tow. The Judge then decreed that he would have to do some work about the jail and courthouse lawn.

Young was set to work, but the first moment Sheriff Hall was absent, he fled. Obtaining a line on the man he was followed and overtaken on the Wilmington pike, returned to this city and once more set to work. This time he was permitted to do the jail washing and other disagreeable work until he was ready to be good, then he informed him if he thought he could get out of town in ten minutes, he could go. Young, by actual observation, was not inside the corporation when the ten minutes had elapsed.

## FAYETTE IN MIDST OF THRESHING SEASON

Assisted by a week of good weather farmers of Fayette county are right now in the busiest time of the wheat harvest with every machine running from early morning to dark. Reports from all over the county are that the farmers are making great headway in the work and every thing required is a few more nice days for completion.

Some of the larger farmers have been fortunate enough to secure two threshing outfits and the great acreage is soon turned into the bins and elevators.

While no extraordinary yields have been reported the quality continues excellent.

## LEGION POSTPONES MEETING FOR WEEK

Owing to the fact that advance arrangements had been made for Memorial Hall by the veterans of M. Company in reunion Thursday evening the ex-service men's meeting announced for that evening has been postponed until the following Thursday, August 5th.

At the time the arrangements were made the Legion Social Committee was not aware of the Rainbow Vets Reunion. The change was quickly made to the next Thursday and on that evening all men who saw service during the World War are requested by the Paul H. Hughey Post to bring their discharges and let the Legion make application to the State Department for the Victory Medal.

## Retreading Pays When It's Put On Properly

When the tread is worn from the fabric of a casing, but the carcass is still good, the right kind of a job of retreading with the proper materials, will give many more miles from the otherwise worthless casing and make the purchase of a new one unnecessary. Our retreading "stays put" because we know how and use good materials.

## Ludendorff's Warning

More than a month ago General Ludendorff, the old German war lord and field marshal, predicted that final victory of Soviet Russia over Poland would mean that Europe would be overrun by Bolshevism.

Of course the hardened old veteran can't see salvation or safety for civilization coming in any form save by a restoration of the armies and a re-enthronment of the military regime throughout the world.

But, even so, his warning seems worthy of the most serious consideration of the world. Certain it is that we have made and are making appallingly little, if any, progress in our efforts to throttle Bolshevism or even to quarantine the menace, under the plans adopted.

If the world must fight Bolshevism as a menace to the life and property of the peoples of the civilized nations the sooner the world gets at it the better, the less costly and the more certain will be the victory.

Poland has not been defeated, but Poland has asked for an armistice from Soviet Russia and the Soviet government has been quick to convert Great Britain's threat of intervention in Poland's behalf into an opportunity to demand a conference of all the allied nations with the present regime in Russia.

The allies are face to face with an embarrassing development and the reception accorded the request of the Soviets is awaited by the world with deepest concern. Any agreement even to an armistice, on the Polish front, involves recognition to some extent and recognition means a menace.

Possibly the warning of Ludendorff may have been timely and his remedy suggestion correct.

## The Resolute Wins

The great international yacht racing regatta has been concluded and for another year at least the America's cup is to remain on this side of the ocean as a testimonial to the supremacy of Yankee crafts and crews in the yachting sport.

Sir Thomas Lipton who, on Tuesday, recorded his fourth failure to capture the greatest prize in the yachting world, was one of the first to extend congratulations to the crew of the Resolute and to openly state that the best boat won the last and deciding race.

While the attempt to lift the cup cost the gracious and game Sir Thomas, a prince among sportsmen, a big fortune, he accepted defeat as pleasantly as he would have accepted victory.

The joy of victory is increased by the knowledge that the Resolute was able to and did outfoot the Shamrock without the aid of the handicap. Boat for boat, even up, she showed superior.

## An Inexcusable Mistake

Never in the history of the nation have coal supply and prices been worse and never has there been less excuse for the appalling conditions existing and gloomy prospects.

Government officials, armed with sufficient authority to promulgate priority lists, the effect of which, thus far, have been to make conditions worse and to allow the railroads, incapable of fulfilling their mission, to hoard the major portion of the coal produced, have been helpless to aid the great mass of consumers.

It seems strange that national officials have delayed until now, the latter part of July, before making any real attempt to deal with conditions that have been a constant source of apprehension all spring and summer.

Some kind of sensible order is now promised in the shipping of coal in the latest action of the Interstate Commerce Commission which has forbidden, for the time, the exporting of coal and promises to divert coast point consignments for export to points on the lakes and to New England.

Coal operators have been sending American coal abroad while the home consumer was made to do without even when willing to meet the foreign demand.

The Interstate Commerce Commission never should, with the memories of the fuel shortage two years ago still horribly vivid, have allowed any export of coal until the domestic need was supplied. It is doubtful now, after the inexcusable delay, if a coal famine at home can be averted even by exerting every effort possible.

## POETRY FOR TODAY

HAPPINESS IS A TOWER

Happiness is a mighty tower  
Built on the rock of life  
High above the waves of strife  
And the shifting ocean's power.

These the stones that form its base;  
Justice, Love and Confidence;  
Candor, void of vain pretense,  
And Joy that smiles with child-  
hood's face.

Wealth is idle matched with these;  
Drossy sands are pomp and puff;  
In the quarry of yourself  
Sleeps the stone to match Time's  
scars.  
Build within for deathless power—  
Happiness is a mighty tower!

## WEEKLY WEATHER AND CROP REPORT FOR PAST WEEK

The Weekly Weather and Crop Report issued jointly by the Weather Bureau and the Bureau of Crop Estimates in co-operation with Ohio Department of Agriculture today shows continued improvement of all growing crops with more favorable weather for harvesting and threshing operation. Damage from plant disease, insects so far has been much less than usual. Coal for threshing is reported scarce in many counties, and complaints of labor shortage in a number of sections continue to come in.

### WEATHER

The weather was unusually fine both for plant growth and farm work. The percentage of sunshine was large (80 or more); the rainfall was of little or no consequence consisting of light scattered showers on two or three different days, and the temperature was slightly below normal except on two days when it was slightly above. More favorable weather conditions are extremely rare.

### NORTHERN DISTRICT

The wheat harvest will be completed this week and threshing has commenced. It will be August 1, however, before much threshing will be done. The cultivation of corn has been completed, the crop now being well up to normal. The oat harvest will be well under way by August 1 as the crop is now coloring rapidly.

### CENTRAL DISTRICT

The wheat harvest was practically completed by July 20—much of it by July 10, and threshing is now under way. A number of counties report that yields are turning out better than was expected, but this is offset to some extent by other counties especially those to the west of Columbus, reporting yields as disappointing. Corn has been practically laid by and promises to yield better than normal. Frequent rains have interfered with cultivation so that the crop is more weedy than usual and some of the low lying lands have been damaged by floods. The oat harvest will begin this week, the condition of the crop being better than average.

### SOUTHERN DISTRICT

The wheat harvest was practically completed by July 12 and threshing is well under way. Corn is doing well but is weedy. Early planted corn has commenced to tassle. The condition of the crop as a whole is very promising indeed. The cutting of hay still continues, the work having been delayed because of rains and work on wheat harvest. The hay crop is rather light. Early potatoes are now being dug and are reported of good size and excellent quality. Early apples are abundant but late apples are short in some counties. Tobacco is above the average. Pastures are in splendid condition.

## 24-Year Tubes Built by Miller only

It has taken 24 years to develop the skill which builds Miller Inner Tubes.

For 24 years Miller has built super-grade rubber goods. Miller leads the world, for instance, in surgeons' rubber gloves. Their fine rubber goods are known everywhere as the "Surgeon Grade."

That's the sort of skill—the very rare skill—needed in building tubes.

Miller Tubes are built of "Surgeon Grade" rubber sheets. They are built layer on layer—sheet on sheet—up to the proper ply.

Then each tube is tested for hours under air pressure to prove it air-tight.

Don't buy tubes by guess. There are tubes not half so good as Millers.

Try a Miller—red or gray—and watch it. Then let results decide your future tubes. No extra price.

## RANDOM NOTES

### SOCIAL : PERSONAL MENTION : CLUBS

Notable in brilliancy, beauty and elaborateness, even in the gayest season. Washington Court House society has known in years, was the dance at Oaklawn Park Wednesday night, given by Mr. William M. Campbell in honor of his charming young daughter, Miss Virginia.

Every thing conspired with the lavish entertainment provided by the host to make the affair an unqualified success.

Nature contributed a glorious moon, which poured its radiance through the branches of the park's big trees, and added to the picturesque beauty of the large grounds, hung with Japanese lanterns.

The club house, its large rooms and terrace abloom with flowers and the dancing pavilion, decorated with streamers of white and blue, incandescent flower lights and Japanese lanterns, completed a scene of brilliant and color.

Tall white and gold wicker floor vases, filled with flame gaidoli, were especially effective in the decorations.

Mr. Campbell and his daughter received their guests until nine o'clock, when the dancing began, and introduced Miss Campbell's house guest, Miss Helen Buckley, of Washington, D. C., a classmate at Miss Mason's School, The Castle.

Miss Campbell, extremely pretty and vivacious, her dark hair perfectly coiffed, was wearing a modish gown of white crepe de chine, with panels of jade green, embroidered in white and black.

Miss Buckley, a striking burnette, wore a beautiful gown of cream chantilly lace over peach taffeta with girle in pastel shades. Both carried lovely nose gays.

The wonderful, peppy music, furnished by Parker's full orchestra, of Columbus with Parker himself adding zest in his catchy songs as well as expert leadership, was a marked feature contributing to the success of the dance, favor dances and moonlight dances also adding unique attraction. Especially pretty was the scene when the strings of big balloons suspend over head were pulled and shower of little red, white and blue balloons descended and floated lightly over the merry maze of dancers.

About midnight supper was served in the club house, the catering under the excellent management of Williams and Marchant.

The guests were seated at small tables inside and on the terrace, and merriment increased with the donning of the pretty favor caps and the blowing of the favor whistles.

A big bowl of punch was served throughout the evening.

After supper the dance was gayly resumed under the incentive of the splendid music and every dance ended again and again.

Fifty couples, chiefly the younger set, participated and among them were an unusual number of visiting girls and men including: Mr. and Mrs. Thomas W. Marchant, of Los Angeles, Cal., Miss Helen Maynard, of Waterloo, Ia., Miss Wylodine Jones of Jackson, Miss Erma McFarland, of Springfield, Mr. Thomas Rogers, of Wilmington; Mrs. George Weidman, of Dayton; Miss Aileen Hess, of Columbus; Mrs. Charles B. King, Mr. Bennett Bindley, of Marion; Mr. Da-

vid Graham, of South Charleston; Miss Elizabeth Johnson, Mr. Billy Wilson, of Urbana; Miss Connie Williams and Mr. Billy Williams, of London; Miss Frances Campbell, Mr. Pearce Clagette, Mr. Colin Campbell, of Baltimore; Mr. and Mrs. David Roche; Misses Kathryn, Corrine and Louise Secrest, Margaret Carville, Alice Greenbaum, Ted Moore, Beatrice Houten, Virginia Poddle, Messrs. Dana Smith, Spetnatel, Kenneth Yable, Daugherty, Albert Kye and Walter Ireland, all of Chillicothe.

Mrs. Harold Inskeep of the Bogus Road charmingly entertained, Wednesday afternoon a number of old friends, honoring Mrs. John Shoop (nee Ruth Perrill) of Chicago and Mrs. Arthur Miller (nee Ruth Fultz) of Dayton, her guests for a couple of days.

A dainty repast was served.

With Mrs. Shoop were her two attractive children, Naomi and Jack, who were entertained by the two children of the home, George and Jean Inskeep.

The guests were: Mrs. Martin L. Morris, daughters, Mary Theresa and Nell, Mrs. Lulu H. Sheets, sons George and Phillip, Mrs. Martin Hughey and daughter Susan Jane; Mrs. Fred M. Mark, daughter Mary Louise and son Fred Jr.; Mrs. Frank Blessing, daughter, Margaret, Mrs. Arch Ribber, Mrs. Ellis Bishop, children Joyce and Phillip, Mrs. Virgil Post, son Robert, Misses Mary Craig and Miriam Fite.

Mrs. Russell Trout gave a delightful dinner Wednesday in honor of the seventy-ninth birthday of her mother, Mrs. Nancy Jacks, of Sabina.

Her three sisters, Mrs. John McWilliams, Mrs. Ida Heironemus and Mrs. Hobart Martin, of Reeseville, with their families were here for the affair.

Friends have received announcements of the marriage Saturday, May 22, at Newport Ky., of Miss Lulu Opal Brown, Washington C. H. to Mr. Gilbert Abbott Ryan, Columbus, Mr. and Mrs. Ryan are at home at 15 Francisco Court N. High St. Mr. Ryan is connected with the Big Four Railroad Co.—Ohio State Journal.

Mrs. Ryan formerly resided in this city and has many friends here who join in extending congratulations.

Tuesday night completed the engagement of the Orchestra which has been playing at Oak Lawn Park for the past week. The music has been thoroughly enjoyed by patrons of the park dances, and especially appreciating the fact that members of the orchestra were of local talent.

The number in attendance has been larger than usual.

Cary Gidding, trap drums, Howard Gregg, banjo and Willard Chamberlain at the piano composed the regular orchestra with Mr. Murphy saxophone player of Columbus assisting for the last two nights of the engagement.

A motoring party including Mr. and Mrs. P. S. Horton and son George Mr. and Mrs. Emory Bales, Mr. J. F. Goebel of Wilmington, Miss Margaret Lubbers, Mr. and Mrs. Frank Lubbers and son Frank Jr., Miss India Dase, Miss Esther Dase, Miss Victorina Donohoe, Mr. and Mrs. James Kearns and son Robert and Mr. Edward Lubbers, of Springfield came to this city, Wednesday evening for a picnic supper.

Mr. J. D. Boone, General Manager of the Washington Mill Products Company, Mr. W. A. Lubbers, Secretary and Treasurer and Mr. J. C. Boone, General Superintendent of the company were honor guests.

A table was arranged in one end of the factory building, and the picnic spread.

Mr. Horton, who is president of the company, Mr. Bales and Mr. Goebel members of the Wilmington Castings Company, are interested in the local concern. Mr. Frank Lubbers is with the International Harvester Co., and both Mr. Kearns and Mr. Paul Lubbers with the Robbins-Myers Company, of Springfield.

A hike to the Parrot farm, known as Proctor's and a picnic supper afterwards was enjoyed by a crowd of girls, Wednesday afternoon.

In the party were Miss Anna Curry, of Jamestown, Misses Gladys Watson, Margaret Shough, Opal White, Dorothy Moore, Beatrice White, and Ruth Davis.

Mr. and Mrs. Charles Wynn, of East Paint street celebrated her birthday Wednesday, by entertaining fourteen guests in the evening at their home.

Dancing, victrola music, and the serving of delicious refreshments featured in the pleasures.

Participating in the affair were: Mr. and Mrs. Eber Hodge, Mrs. Henry

Ward children Anna May and Dale, Mrs. Orville Leveck children Billy and Luva Orvillene, Mrs. Joseph Cook niece Dorothy, Leland and Henry Hoppess.

The Wesley Chapel Mite Society met at the home of Mrs. Pearl Lemons of the Chillicothe pike, Wednesday afternoon with a large attendance.

The meeting was called to order by the Vice President, Mrs. Rodgers, and following the business session short program was rendered, including brilliant piano solos by Misses Lorie King and Norma Dodd, which were greatly enjoyed.

A delicious summer collation was served, Mesdames Dodd, English and Misses Edge, Johnson, Thompson and Mallow assisting in the hospitalities.

Mrs. John Weade extended cordial hospitality to the G. R. C. members and a few guests Wednesday, at their pretty country place.

The attendance was unusually large and the meeting one of interest, especially the lesson study conducted by Miss Grace Post. Mrs. George Sturgeon was in charge of the devotionals.

Mrs. Weade served tempting refreshments and before the meeting adjourned Mrs. Elton Marine extended an invitation to the members, to meet at her home for a picnic supper.

Among the guests were Mrs. Dun can and daughter of Greenfield, Mrs. Allie Cockerill and Mrs. Mary Arehart of this city, Miss Ameda Cockerill of Dayton.

Mrs. Mrs. Frank M. Kennedy and son Francis Marion, were recent guests of Mr. and Mrs. Hugh H. Kennedy in Columbus.

## WOOD MAY MAKE UP FOR COAL SUPPLY

With thoughts in mind of a coal shortage this winter many people are making arrangements for laying in a supply of wood while some coal houses and basements are already filled with scraps from the sawmills.

Some farmers are in a position to supply wood in small lots while there is generally a limited supply around the sawmills. Each year the demand for wood from the scrap heaps is being more and more noticeable.

The winter supply of fuel in many households may consist of a mixture of coal and wood.

## HEIRS MISSING ACTION IS FILED

In an action filed in the Probate Court by C. A. Reid, administrator of the estate of Nancy Davis, deceased, Martha Inez Goldsberry and others are made defendants and the Court is asked to determine what disposition should be made of between \$500 and \$600 ready to distribute to the proper heirs.

Plaintiff states that two children of the deceased left this county more than 21 years ago, and have not been heard from. All efforts to locate them have failed, and guidance in distribution of the estate is sought. Post & Reid, attorneys.

## OBTAINS SUPPLY OF ASPHALT FOR IMPROVED ROAD

The work of applying asphalt, or "tar" to some of the main improved roads of the county is virtually complete, and the Circleville pike from the intersection with the paving to the bridge over Paint creek was the last to receive the dressing of asphalt applied at a temperature of 240 degrees.

The asphalt was obtained through a little quiet work of County Surveyor Kennedy, when it was said that the asphalt was unobtainable.

Repair of the Devalon road has been completed and the finishing touches will be applied this week on other highways where repair has been necessary under direction of the state maintenance and repair department.

In all an appropriation from the state of nearly \$36,000 was obtained for repair and maintenance of the state highway in this county.

## OAK LAWN CONCERT FRIDAY EVENING

Friday evening will be one of the public events of the week at Oak Lawn with the announcement by the management that Whopley's Imperial Band is to give the regular weekly concert.

In addition to the concert, which will be given on the improvised band stand formerly the porch of the Ustick homestead, there will be the regular park attractions.

Some people get so tired by doing nothing that they are never able to do anything else.

## DEMONSTRATION NEXT TUESDAY TO BE UNUSUAL

Several Car Loads of Modern Motorized Farm Equipment Will be Tried Out.

Ford Motor Company Will Demonstrate Some Farm Equipment For First Time in Ohio.

During all of next Tuesday the greatest modern motorized farm equipment demonstration ever held in this part of Ohio is to be held on the Howat farm just outside this city, on the Greenfield pike, when officials of the Ford Motor Company will have several car loads of motorized machinery to demonstrate for the benefit of the farmers in general, and for their agents from nearly one-half of Ohio who will assemble here for the event.

Among the implements to be demonstrated is the new Ford motorized mowing machine which has never before been demonstrated in Ohio.

Other pieces to be demonstrated will be the cultipacker, thrasher, plows, stone crusher, ensilage cutter, tractors, tractors equipped with rubber tires, and several other pieces

manufactured by the Ford Motor Company.

The demonstration is expected to draw a great crowd from all over this part of Ohio. Lunch will be served on the grounds. It is announced, and for the large number of Ford agents who will assemble here, a banquet will be held at night.

## AGED WOMAN IS MISSING

Mrs. Mary Jennings, aged 82 years, has been missing from her home since Monday noon, and has not been seen since Tuesday evening when she was noticed walking up and down Washington avenue, near Elm street.

Mrs. Jennings, who had been making her home with her son, Aden Jennings, corner Earl and Pearl streets, was dressed in black, wore a small black bonnet, and carried a paper hand-bag.

Friday of last week Mrs. Jennings became confused while up town and was finally located near the Perry gravel pit north of this city, and returned to her home.

Anyone who has seen or heard of the aged woman is requested to notify Aden Jennings, by Bell telephone. Mr. Jennings is fearful lest the aged woman has wandered away and met with serious accident or death by falling in the creek or becoming helpless in some unfrequented spot.

The richest man in the world was born without a cent in his pocket.

## U. S. MAY SEEK TO EXTRADITE CITIZEN VILLA

(By Associated Press)  
Washington, July 28.—Recognition of the new Mexican Government by the United States in the opinion of Mexican observers has been brought measurably nearer by the surrender of Villa.

The status of Villa as far as the U. S. is concerned, however, is not changed greatly. The bandit leader is under indictment charged with killing soldiers and civilians at Columbus, New Mexico, and his extradition may be sought.

## LANCASTER DRILLS IN

**500,000-FOOT GASSEY**  
Lancaster, July 29.—A 500,000 foot gas well was drilled by the city on the Clint Pence farm, Pleasant Township, two miles from here. The new well is near the 4,000,000 foot well which was drilled in 24 years ago, but which is now dry. It is expected the new well will do much to alleviate the gas shortage that exists here.

## Economy in Piano Buying

Never judge piano economy by the first cost of the instrument.

The true measure of economy is the degree of satisfaction the instrument brings you over a long period of years.

A CABLE MADE PIANO  
OR INNER PLAYER

is not the lowest priced instrument that you can buy, but because of the long period of faithful service and high degree of satisfaction it gives, it is by far the most economic.

We Have Instruments to Meet Every Need.

## FAYETTE LOSES ONE TENTH OF HORSES IN YEAR

Motor is Blamed For The Rapid Decrease in Number of Horses in County.

Cattle, Sheep and Mules All Show Decreases Over Last Year's Figures.

Fayette county is losing her horses at the rate of nearly 1,000 per year, or upward of one-tenth of the entire number, as shown by statistics just compiled at the office of County Auditor Pine.

Last year's statistics show that in the county there were 11,296 horses, while this year the number had shrunk to 10,360, or a loss of 936 in the past year—due to motor driven vehicles and farm machinery.

In 1919 the value of the horses was \$978,515 while this year the value had dropped to \$929,285.

Just where the horses have gone is not accurately known, but buyers from other countries where fewer motor driven vehicles farming implements are used probably obtained the bulk of animals, and fewer colts were raised.

Cattle also show a big shrinkage in number since last year. In 1919 17,762 cattle were valued at \$1,134,520, while this year 15,324 cattle had a valuation of only \$942,660. The number shrunk 2428 in the one year.

Coming in line Sheep also decreased in number by 3350 or from 16,301 in 1919 to 12,951 this year. The valuation of sheep last years was \$189,535 while this years it was \$140,360.

Mules showed a drop of nine from 453 last year to 444 this year. Last year the mules were valued at \$48,510 and this year \$44,650.

Hogs, in which Fayette led last year, showed a substantial gain, as previously announced, the number last year being 90,644 valued at \$1,301,940 and this year 92,140, valued at \$1,205,356.

## PLANE TO CARRY LOAD OF DYNAMITE

One hundred pounds of dynamite is to be transported by airplane from London to Urbana, according to the pilot of the plane.

The dangerous undertaking—dangerous not only to the pilot but to every home, village and city over which he passes, is to be made for the Ohio Dynamite Company.

The trip was announced for Thursday of this week.

## A WASHINGTON C.H. MAN'S EXPERIENCE

Can you doubt the evidence of this Washington C. H. citizen?

You can verify Washington C. H. endorsement. Read this:

Wm. Devany, blacksmith, 270 Temple St., Washington C. H., says "When ever I have had any need of a kidney medicine, I have used Doan's Kidney Pills and I know they are just as represented. About a year ago I was troubled with an ache across by kidneys, which caused me no little misery. I used Doan's Kidney Pills and in a short time I was rid of the attack. I have had very little reason to complain of my kidneys since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Devany had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Advt.

## TOKIO POLICE HALT ASSASSIN

Tokio — The police announce the arrest of a Korean named Jo-So-Kan, of Tokio, on the charge of having made preparations to assassinate Prince Yi, of Korea, on the occasion of his marriage to the Imperial Japanese princess, Nashimoto. It is alleged that the Korean plotted to kill the wedding couple on their way to the Imperial Palace at Tokio in April, as well as Baron Saito, the governor-general of Korea and other notables. That the plan was not executed, say the police, was due to the vigilance of the authorities.

In his preliminary examinations, Jo-So-Kan admitted, it is said, that he is an advocate of the Korean independence movement and that he was a firm believer that the wedding of Prince Yi to a Japanese Princess of the blood would be a telling blow against any hopes that the country

might ever have of gaining the right of self government. He planned the wholesale killing in order that he might rekindle hope in the breasts of his fellow Koreans.

# Firestone

Sales of this tire have increased 96% the first six months of this year, proving the balanced tire, the Firestone 3½ has accomplished what Firestone sought for it, more mileage, greater economy, greater comfort, which has been passed on to the public at low cost—most miles per dollar.

**Balanced!** That means to you more than mere thickness of tread, greater air capacity, more plies of fabric, greater cushioning, or the gauge of the sidewall. It means that all component parts of the Firestone 3½ are scientifically balanced by specialists who have put years of study and practice into a single purpose—to meet your demand in a small car tire. You can now have all four tires on your car give uniform service if they are Firestone.
